# Message from the Vice Chairman

Greetings:

The Missouri Gaming Commission prepares an annual report for the Missouri Legislature each fiscal year. Among other items of interest, this report provides information for the legislature and the public as to the state of riverboat gaming in Missouri. In past months and years, riverboat revenues across the country have fallen. This is the case with many regional gaming markets, including Missouri. I believe two contributing factors to our current performance are that the economy continues to struggle with employment and the lack of disposable income. However, we maintain an intense interest in revenues produced by this vital business as many people benefit from this money in Missouri. One of the Missouri Gaming Commission's most important functions is overseeing the transfer of casino funds to State and local home dock cities and counties. Fiscal Year 2014 riverboat gaming total AGR decreased by 5%. Riverboat gambling admissions, which are the two-dollar per two-hour fee the casinos pay for patrons decreased by 8%.

In the back of this report you will find a page dedicated to each of Missouri's 13 riverboat gaming casinos. You'll see how home dock cities and counties spend the revenue received from riverboat gaming. There's been the purchase of emergency vehicles, and heavy equipment. This report also showcases home dock cities and counties using this money for roads, sidewalks, a new bridge and other infrastructure. These are all examples of riverboat gaming money used for the betterment of municipalities across Missouri.

I've recently begun my tenure as Vice Chairman. During my time on the commission, I've seen the building of new riverboat casinos and the demise of others. There's no doubt this industry is constantly changing, and the Missouri Gaming Commission must be prepared with rules which reflect changing technology and commerce. We must be forward thinking and ready to respond with steady regulation.

As I look forward to FY 2015 I believe the Missouri Gaming Commission is ready and able to handle the challenges we face as riverboat gaming, and charitable gaming regulators.

I hope you find this annual report to be a comprehensive overview of gaming in Missouri.

# Message from the Executive Director

The State of Missouri is capped at 13 riverboat gaming casinos, and in past annual reports I've mentioned being capped does not mean the work is finished. Ownership is always fluid and this past fiscal year has been no exception. FY 2014 saw Pinnacle Entertainment purchasing Ameristar Properties in St. Charles and Kansas City. We monitored the purchase which involved the Federal Trade Commission who ruled Pinnacle was required to divest itself of Lumière Place on Laclede's Landing to avoid a monopoly and level the playing field in the St. Louis market. Tropicana Resorts then purchased Lumière Place from Pinnacle Entertainment. In other action the MGC also approved Penn National Gaming, Inc.'s newly formed and publicly traded real estate investment trust or REIT. The REIT holds all of Penn National's real property assets and separates operating assets from real property assets. Missouri has two Penn National Gaming REIT properties; Argosy Riverboat Casino in Riverside, and Hollywood

Casino in Maryland Heights. Each one of these transactions involved intensive background investigations of key and Level I licensees and inspections of the companies involved in the purchases. The Missouri Gaming Commission believes we keep our casinos free from organized and white collar crime by intensive background screening processes and investigations. MGC Staff and Missouri State Highway Patrol work in concert on this aspect of licensing.

Each year I give special thanks to the Missouri State Highway Patrol for their dedication and service to the Missouri Gaming Commission. On each Missouri riverboat gaming casino floor you will find MSHP gaming agents enforcing the rules and maintaining the integrity of gaming. We could not do our work without them.

The Missouri Gaming Commission keeps abreast of all gaming related issues, including internet gaming, changing technology and even smoking regulations. Fiscal Year 2014 brought about casino credit legislation which becomes law in FY 2015. This legislation has been years in the making, and has finally come to fruition. Patrons at Missouri casinos will be able to establish a line of credit if deemed creditworthy by the casino. Patrons must qualify for a \$10,000 dollar line of credit and the loan must be paid back in cash within 30 days. In next year's report we will be able to give an overview of this new aspect of riverboat gaming.

The MGC remains neutral on all legislation. We do not anticipate proposing new legislation in the upcoming session; however, if new bills are presented we will continue to follow the direction of the legislature.

MGC Staff is a group of dedicated professionals. I'm proud of the work we do.

# Charitable Gaming

Charitable Gaming includes licensed bingo and other associated games such as pull-tabs, merchandise coin boards, and event tickets. Bingo was legalized in 1980 and came under the Missouri Gaming Commission on July 1, 1994. The operation of bingo and the other associated games is restricted to qualified licensed, religious, charitable, fraternal, veteran, and service organizations. The Charitable Games Division also licenses hall providers, suppliers, and manufacturers of bingo products.

All proceeds over and above the actual cost of conducting bingo must be used for lawful, charitable, religious, or philanthropic purposes of the organization, and no part of the net earnings may inure to the benefit of any individual member of the organization. Bingo proceeds collected by not-for-profit organizations are used to fund various projects such as veterans homes, drug awareness programs, prevention of child abuse, cancer care and research, Alzheimer's care and research, Boy & Girl Scouts, various religious organizations, scholarships, sight and hearing care for impoverished citizens, and many more.

More than \$100 million has been generated in tax revenue since bingo was legalized. All bingo tax is deposited into the Proceeds for Education Fund. A comparison of tax paid per file period reflects a continued decline in taxes reported for bingo paper and pull-tab sales. The chart below represents the actual tax reported for bingo paper and pull-tabs for the past five fiscal years.

The charts below reflect the total bingo taxes deposited and the total number of licensees over the past four years. The bingo tax deposited is different than the tax reported per file period because of the due date of reporting. Reports are due the last day of the month following the month in which the bingo card or pull-tab was sold; therefore, the tax collected for certain file periods during the fiscal year may be included in different fiscal year deposits.

# Missouri State Highway Patrol

The Gaming Division, pursuant to a memorandum of understanding with the Missouri Gaming Commission, provides criminal and regulatory enforcement of gaming operations within the state. Under the command of Captain Norman A. Murphy, the division is divided into four sections: Administrative Services, Investigations, Eastern District Enforcement and Western District Enforcement. The Gaming Division is one of the Patrol's largest divisions, with an authorized strength of 128 uniformed members and three civilians. The staffing of 128 troopers assigned to the Gaming Division does not impact or reduce the number of troopers assigned to patrol Missouri roadways, as allocated by the legislature.

The Gaming Division was established on May 1, 1994, by order of Colonel Fred M. Mills, and was the first new division established within the Patrol since the creation of the Division of Drug and Crime Control in 1983. Strict criminal and regulatory enforcement, as well as meticulous investigations are essential elements to the successful regulation of legalized gambling in Missouri. Because of its history of service with distinction and integrity, the Patrol was given the responsibility of providing investigative, regulatory and criminal law enforcement services, which ultimately police the gaming industry.

The Administrative Services Section, under the supervision of Lieutenant Rex M. Scism oversees the collection and preservation of evidence and property, motor equipment fleet management, training, criminal records, case management, overtime, personnel actions and special projects.

The Investigations Section, under the supervision of Lieutenant Mark A. Bielawski is divided into two units, the Background Unit and the Charitable Games Unit. The Background Unit conducts extensive investigations to determine the suitability of licensees, suppliers and vendors. The Charitable Games Unit oversees 274 licensed bingo operators and is also charged with conducting background investigations on both charitable gaming and riverboat supplier companies.

The Enforcement Section is divided into two districts. The Eastern District is under the supervision of Lieutenant Edward J. Aylward. The Western District is under the supervision of Lieutenant Andrew O. Tourney. Officers assigned to the Enforcement Units are responsible for enforcing both Missouri criminal statutes and Missouri Gaming Commission regulations on the 13 licensed casino properties.

All four sections of the Patrol's Gaming Division are provided clerical support from Ms. Jonna R. Farley, Administrative Office Support Assistant; Ms. Meghan E. Basinger, Clerk Typist; and Mrs. Kristin H. Kayser, Clerk Typist.

### Sources of Gaming Revenue:

**Local Portion of AGR Tax - 2.1%:** Allocated to support police patrols, fire marine unit supplies and conduct public safety related capital improvements on the riverfront

**Local Portion of Admission Fee - \$1.00:** Allocated primarily to the City's Capital Fund and Port Authority. These funds are budgeted each year for items such as arterial street paving, bridge repair, rolling stock replacement, public building improvements, development efforts, etc.

**Port Authority Lease (2% of AGR)/Other:** With the closure of the President Casino on the Landing in July, 2010, the City's Port Authority is no longer receiving lease payments. Part of the development agreement with Pinnacle casinos south county facility included a fixed \$1M annual payment to the City beginning in FY11. Beginning in FY14, this payment is being utilized directly for economic development agency efforts and is no longer deposited into the Gaming Fund.
